

Timely Turf Tips

December 2012

HAPPY HOLIDAYS FROM ALL OF US AT HUGO FEED MILL AND HARDWARE! We are grateful for the pleasure of serving you and meeting your lawn, garden, feed and hardware needs. We wish you a beautiful holiday season and a joyous year's end. Thank you for supporting our family owned business.

Christmas Gift Ideas at the Mill

- For the older kids in dorms, first apartment or house: tool box filled with hand tools. Tape measure stocking stuffer.
- For the kids that are starting to drive: emergency tow strap, jumper cables, hand warmers and windshield scraper.
- For the younger kids: Jigsaw puzzle, Austrian Liquorice, first pocket knife and bb gun.
- For the family: Bird feeders and seed. Decorative outdoor thermometers. Hand warmers and gloves.
- For the family pets: rawhide, biscuits, toys for dogs & cats and many horse items.

December Fire and Ice

Keep sidewalks clear of ice and snow for family, friends and pets. We carry ice melts that are safe for pets! Check out our ergonomic snow shovels and the classics.

Don't put those Tiki torches away for the winter! If you're having company for the holidays, light up your snowy landscape this year with carefully placed torches to welcome them. Out of torch fluid? We have you covered!

Now is the time to provide additional mulch to insulate marginal perennials. The ground is frozen in many areas. The goal is not to keep frost out, but to prevent freezing and thawing and to keep the temperature from falling too much below freezing.
